

COMPLEX ASSEMBLIES MADE SIMPLE

**ARALDITE® 2023
adhesive can help
you bond large and
complex parts with
up to a 50% faster
bonding process.**

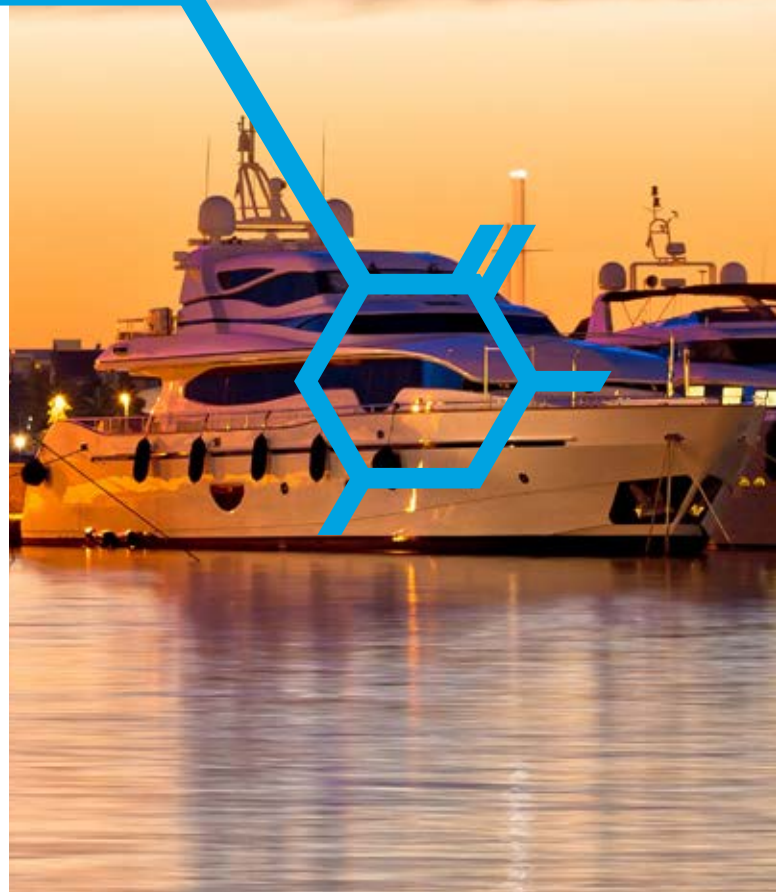

ARALDITE® 2023 adhesive is 100% non-sagging, meaning you can easily apply it to complex surfaces, both vertical and overhead. The combination of primerless application and a one-step bonding process can speed up the process by up to 50% and result in a cleaner assembly compared to the traditional lamination process.

Thanks to its high gap-filling capabilities and elongation of >100%, ARALDITE® 2023 adhesive can help you compensate for large production tolerances. This flexible adhesive can also compensate for the thermal expansion of different materials and dynamic loads.

PRODUCT BENEFITS

- Multiple open times available
- High elongation
- High gap-filling

MADE POSSIBLE

MAXIMIZE YOUR PRODUCTIVITY WITH AN EASY-TO-APPLY ADHESIVE.

Araldite® 

ARALDITE® 2023 adhesive is a two-component acrylic adhesive designed for tough, flexible bonds in dynamic environments.

SUPERIOR PERFORMANCE

30 mm

Gap-filling
up to 30 mm
