

BODO MÖLLER CHEMIE

Engineer chemistry

Professional solutions
for Coatings and Construction

Raw materials for

BODO MÖLLER CHEMIE is a specialist for coatings applications in various industries and offers raw materials like binders, additives and colorants for architectural paints, wood finishing, floor coatings, construction adhesives and sealants, corrosion protection systems, industrial and automotive coatings, printing inks and powder coatings.

Along with our broad product portfolio, we offer our customers a unique full-service package: Our Coatings Competence Center includes a modern Polymer System House and regional laboratories to support our customers in formulating optimized coating systems.

CASE Coatings, Adhesives, Sealants, Elastomers

Performance chemicals

Additives

Anti-skinning agents
Matting agents
Corrosion inhibitors
Antioxidants
Defoamers
UV absorbers
Light stabilizers
UV hindered amine light stabilizers (HALS)
Flame retardants
Retarders and hardeners

Rheology additives

Dispersing agents
Thickeners
Surface modifying emulsions
Slip and leveling agents
Substrate wetting agents

Dispersions

Acrylate and styrene acrylate dispersions
Hydroflex Modified acrylate and styrene acrylate dispersions
Modified acrylate and styrene acrylate dispersions
Vinyl acetate dispersions
Redispersible dispersion powders
Polyacrylamide dispersions
Prime surface modifying specialty dispersions
Wood coating surface modifying emulsions

UV curing

Photoinitiators
UV-crosslinking binders

Colorants

Pigments

Organic and inorganic pigments

Effect pigments

Colormotion Multicolor effect pigments
Multicolor effect pigments
White sparkling effect pigments
Deep black effect pigments
Pearlescence pigments
Aluminum pigments
Fluorescent pigments
Optical brighteners

Pigment preparations

Water-borne and solvent-borne pigment preparations
POS tinters

Resins

Epoxy resins & hardeners

Epoxy resins
Reactive diluents
Amine hardener for epoxy resins

Polyurethane resins & hardeners

Isocyanate hardeners
OH-functional acrylate binders
Solvent-free polyols

Alkyd resins

Solvent-borne and solvent-free alkyd resins
Aqueous alkyd emulsions

Other binders

Acrylic binders for paper coatings
OH-functional acrylate binders
Flexibilizing binders
Amino resins

With a broad portfolio of resins, binders, pigments, colorants and additives, BODO MÖLLER CHEMIE can help manufacturers meet their specific application needs like weather resistance, corrosion protection, UV protection, scratch resistance, long-term durability, emission reduction and many other properties. We focus on solutions that enhance performance, convenience and cost-effectiveness.

Architectural

Water-based decorative coatings for interior and exterior use

Building & Construction

Protective and maintenance coatings, floor coatings, building adhesives and sealants

Industrial

Paints and corrosion protection systems for industrial production

Automotive & Transportation

OEM and refinish coatings for vehicles

Printing

Inks, primers and varnishes for printing and packaging

Wood

Solvent- or water-based wood varnishes

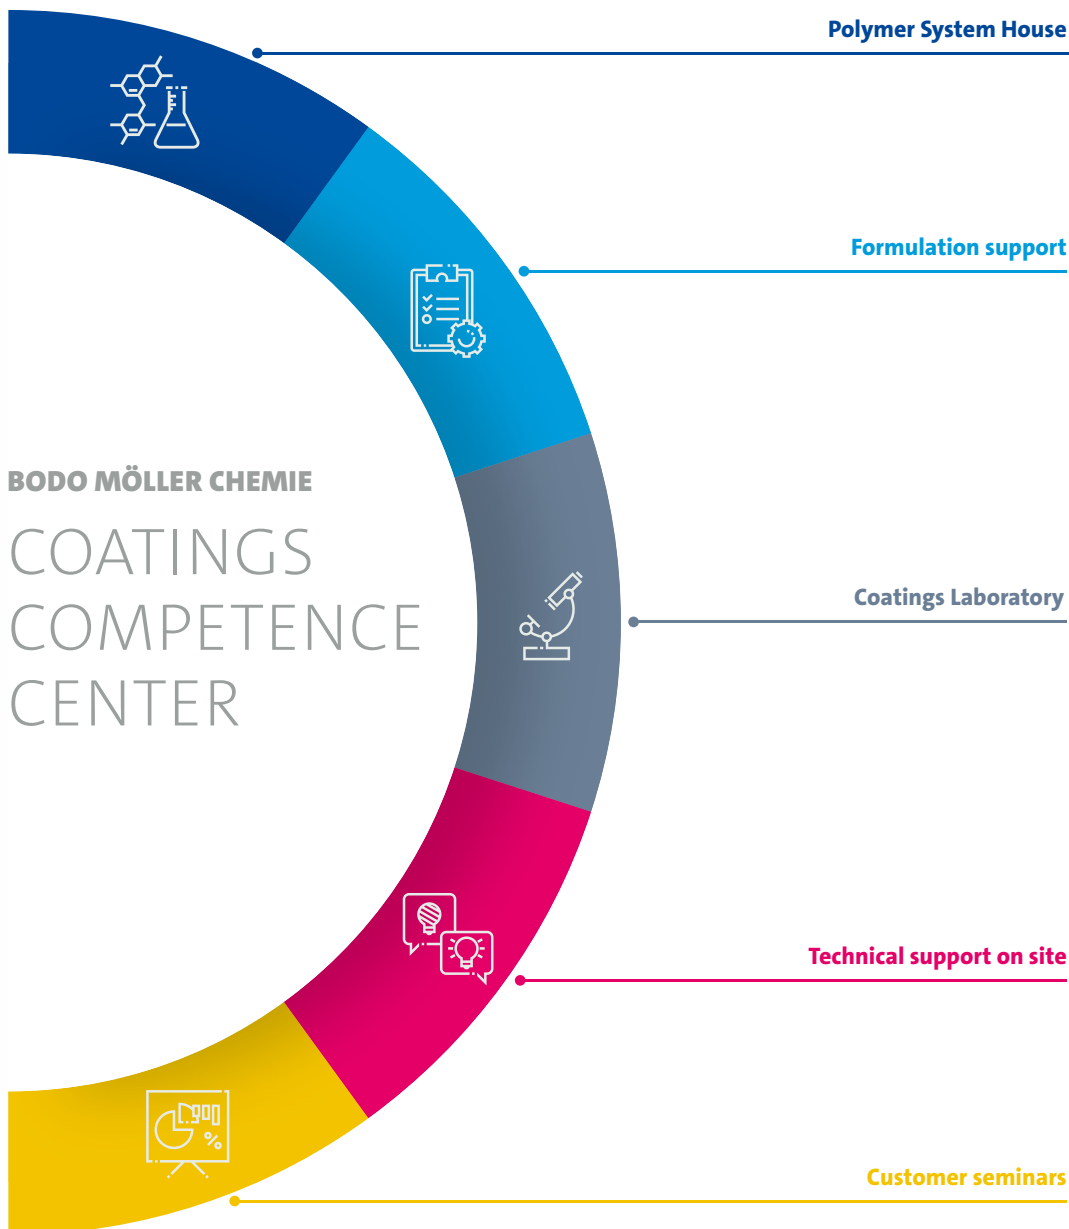

Powder coating

Powder coating systems for metal components

Application technology center

With our **Coatings Competence Center**, we offer our customers a unique full-service range of coating technologies. We combine the technological solutions of various market leaders and many years of experience in process and application technology under one roof. Our coatings specialists will advise you on site and support you in formulating your coating systems with our modern coating laboratories. We also impart extensive product and application knowledge to our customers through individual seminars and trainings.

In our **Polymer System House** with its state-of-the-art production facilities and laboratories, we carry out customer-specific product adaptations regarding color, viscosity and reactivity of polyurethanes, epoxies and silicones in compliance with international standards.

QUALITY & SAFETY

ISO 9001 Quality management

ISO 14001 Environmental management

ISO 45001 Occupational health & safety

EN 9120 Distribution and repacking for aviation industry

DIN 6701 Adhesive bonding of railway vehicles (laboratory)

DIN 2304 Quality requirements for adhesive bonding processes (laboratory)

AN EXCERPT OF OUR LONGTIME PARTNERS

This content is protected by copyright. Graphics, texts, logos and pictures are only allowed to be copied, modified, published, transmitted or distributed after written approval by the BODO MÖLLER CHEMIE GmbH. Any product and company names may be registered trademarks or brands. Unauthorized use may result in claims for damages and injunctive relief cause. Industrial property rights of the manufacturer must be observed. All information about chemical and physical properties of our products as well as technical advice on their use, whether verbal or in writing and as the result of tests, are given to the best of our knowledge. However, this should only be considered as guidance, which is not guaranteed as correct and does not exonerate the customer from carrying out his own tests and trials in order to assess the practical suitability of the product for the purpose envisaged. The purchaser is solely responsible for the application, use and handling of the products and in doing so must observe all legal and official requirements as well as any rights of third parties. Apart from these, our general terms of delivery are applicable. Our range includes products, which under the classification of chemicals act, and regulations on hazardous substances, must be labelled according to their risk. The classification of these products is to be found in the relevant product data sheets or safety data sheets.
